## Literacy and Numeracy Activities for Interactive Whiteboards

Presenter – Louise Hedley

Years P–6

### In this session:

This will be a practical, hands-on day where teachers can explore the great numeracy and literacy activities that are possible with any Interactive Whiteboard (IWB). Whether you have had limited experience with IWBs or have been using them for a while this workshop is bound to provide you with a plethora of new activities that you can incorporate into your curriculum.

During this session you will:

- Explore the range of tools available in IWB software\* and how they can be used to enhance Literacy and Numeracy lessons
- Learn how to create templates that can be used throughout the curriculum
- Discuss the pedagogical value of IWBs and related Literacy and Numeracy activities
- Experience a range of resources that are readily available on the internet

Teachers are asked to bring along their laptops with their school's IWB software downloaded. Please contact us if there is any problem with this request.

\*Note: This session is suitable for all IWB software types.

### About the presenter:

**Louise Hedley** – Louise is a passionate educator with a diverse range of educational experiences. She has a Masters of Education specialising in ICT and International Schooling. Louise undertook a professional learning fellowship, researching the use of interactive whiteboards in the UK. This led to the role of ICT coordinator, overseeing the installation of interactive whiteboards and development of comprehensive ICT programs. Louise is a trained teacher of the International Baccalaureate's Primary Years Program and has held the position of Numeracy Coordinator after becoming a certified Early Years Numeracy Coordinator. Louise now works as a full time professional learning presenter and has presented in both Australia and abroad.
